ABOUT MISTRAS GROUP

MISTRAS provides non-destructive testing (NDT) services onsite at our customers' facilities across the world, and in our in-house labs. At the completion of the program, you will be given the opportunity to travel to offsite locations to support MISTRAS' clients in need of inspection. You can earn a career supporting the facilities that fuel our cars, generate the power we use everyday, and build the planes we fly in.

Put your technical skills to use and come join us for a gratifying career in NDT!

MISTRAS

Learning & Development Program

Non-Destructive Testing (NDT) Technical Apprenticeship Program

PROGRAM OVERVIEW

MISTRAS Group offers an **18-month, full-time apprenticeship program** for those wanting to pursue a new career. You will receive pay, a training certification, and a career in nondestructive testing (NDT) upon successful completion of course.

Limited or no experience? No problem: In our apprenticeship programs, you'll receive **on-the-job and classroom training from certified Level III technicians** in NDT techniques that are constantly in high demand, including radiography (RT) and phased array ultrasonic testing (PAUT).

One Source for Asset Protection Solutions

PROGRAM OVERVIEW

INCOME

You will earn a paycheck from day one and have the opportunity for growth potential.

TRAINING

You will receive on-the-job and classroom training from certified Level III technicians.

CERTIFICATION

Successful candidates will achieve two industry-recognized certifications.

CAREER GROWTH

After you have achieved your second certification, more opportunities for advanced certification and increases in salary will be available.
